(2010 Jan)

The Sports day in APS.

The children are given different responsibilities.

They work as a volunteers.

56

Various games are organized on this day, and we invite their parents/relatives.

(57)

The parents,
relatives
are so
happy
to see
their
children
taking
part in
various
games.

(58)

"The photo speaks, itself"

59

"Musical
Chair"
for the
parents.
at the end
of the
program.

our volunteer
teacher
Carla Miss
was also
present on
this special
day. She
helped us
very much.

60

The lives
of the
parents
are not
so easy.

←
(Photo
around our
hostel area)

They have
to work
whole
day
to support
the family.

(61)

Many children
are still
away from
school.

We can see
a child →
on top of
the garbage.

In this context,
APS, is
doing a lot,
for the
development
of the kids
and
they are so
fortunate to
be with us.
Their future is
so bright →.

(62)

Our children
help each
other,
love each
other,
and they
are totally
saved from
any risk.

They are
getting the
light of
education.

The morning
← assembly,
before the
class starts.

63

Apart from
text-book
Education
only,
we help
them to
Sing, dance,
draw
and
we try
to give
them
all best
possible
facilities,
in the school.

64

The farewell
programme
of one
lady
teacher.

(She is married
in a far
distance
place, and
we are proud
to miss her).

Extream left,
two new
teachers are
wel-comed
in the same
day. So this
is a new
team of teacher
now at present.

65

This is a special programme that we did this year also like previous years.

This is the opportunity for the parents, relatives to visit the school, and meet the teachers.

usually they hesitate to come to the school. But this time, the presence was exciting.

66

So, we had a wonderful inter-action programme.

This helps us very much to get familiar with them.

67

We introduced
all the
teachers
to them.

It was
an Excellent
programme.

"Oh, I feel
shy to
come to the
school,
without the
school uniform
today"

68

From this year,
we started
to provide
special food
for the parents
on this day,
after the
programme.

All the
parents
were very
happy
to have
the wonderful
meal
in the school.

69

It's like
a great
festival
for all
of us!

70

"The photo
Speaks
it-self"

Thank you!

(71)
"Now the
Story with
the toilet"

At present
we have only
2 toilets for
the entire
children.

So there is
always a
long "que"
waiting for
the turn.

1 toilet for
boys
and 1 toilet
for girls.

This was not
sufficient !!
for 150 children.

(72)

Lot of time
is always
wasted,
just waiting
on line.

And the
Condition
was also
Miserable.

(73)

Now the
situation
is changed!

We have
recently
built a new
toilet.

3 toilets
for girls
separately
and

2 toilets +
separate urinal
for boys
separately.

now the
life is
very easy!
for the children.

(74)

The construction
started
on March end,
2010.

75

the boys.

78

all of us.

88

The boys
and

This
Special
"inauguration"
day of
the
new toilets.

29

We have distributed free books to about 50 kids. now they can study nicely.

It is hard for them to buy all the books. So this support is very useful. now everybody has a set of books.

30

The present Class 5 of VIPS school. next year they will be promoted to higher school.

The children come in this age ←.

and have the school like above.

31

we have
distributed

for
our
children.

"The photo speaks it-self"

32

(25)

All
were
Very
happy
to

"Wow", I have a new shoes. Just see.....
we will be giving dress also in this forth coming festival time.
They have one set now, and when this gets old, the new one
we'll replace it.

(26)

Some times, we see problems in health care
of the children. Her skin is so dry. So we gave
her Glycerin to use on her dry skin. (3)

(3)

One of the
The playing
material
was
Little
dangers.

So we
re-built
it, and
made
it safe.

now it
is more
safe for
the children.

91

We have
brought
a
new
cup-board
for
the
teachers.

now it
is easy
for them
to put
their
personal
belongings
and
copies.

92

In the
free time,
when a
teacher
is absent,
the children
love to
play the
puzzles

and

go in the
music
room
and
enjoy
the
dance.

These are
all great
facilities for them.

(99)

In the
hostel, we
had water
problems
in the
dry season.

So we
again,
went more
deep
down
underneath,
and
we were
Successful.

now we have
Sufficient
water.

matins was
with us,
when we
did this work.

(100)

From this
April 2010,
we
have
changed
and
developed
our food
item also.

now in a
week,
children
enjoy
meat
2 times.

Saturday
Chicken
and
Wednesday
Sausage.

109

we provide
fruits,
also, 2
times in
a week,
monday and
friday.

This is a
wonderful
facility for
our
children
in the
hostel.

The children

before
food.

1092

we have
done a
great
thing for
and of our
